ISLE

WALL SCONCE COLLECTION

With curved hand-slumped glass that’s crafted locally in Melbourne, the beauty of this artisan-made light is in the unique form of each piece. They’re distinctly different shapes and sizes and can be configured together in endless ways, with various orientations.

At the centre of each Isle is our IP rated LED unit, emitting a soft diffused light. The asymmetrical glass floats just off the wall, held in place by a raw or powder coated machined cap.

MADE IN MELBOURNE, AUSTRALIA
