

FORM / Ellipse

WALL

Form is a slim column of ceramic, open to the wall behind it. Each 300 mm piece comes in a square profile with crisp edges or an elliptical profile with a soft curve. Both are clean, refined forms, a canvas for the glaze and the clay beneath it. Terracotta Gloss, Sand Speckle Gloss and Black Chocolate Gloss are finished in a clear glaze, with a raw foot left to show the clay. Shino Terracotta is a centuries-old glaze, applied by hand, so every piece varies.

The IP65 bracket holds the ceramic without a visible fastener, with light leaving above and below to wash the wall. The powder coat body is duplex coated for lasting corrosion resistance, and always matched to the ceramic. Suited to facades, entries, bathrooms, kitchens, hospitality and commercial interiors, outdoors and in.

MADE IN MELBOURNE, AUSTRALIA

MATERIAL FINISHES

CERAMIC	Terracotta Gloss	Sand Speckle Gloss	Black Chocolate Gloss	Shino Terracotta
BODY	Body Finish Matched to Ceramic			

LIGHT SOURCE

COLOUR TEMPERATURE (CCT)	2700K - Warm White 3000K - Natural White 3500K - Mid White
CONTROL (REMOTE)	Non Dimmable Phase Dimmable (Standard) Dali Dimmable
LAMP	LED Module - Constant Current
POWER	4.8 Watts (24Vf @ 200mA)
OUTPUT	820 Lumens
LED LIFE	50,000 Hours
LED SET UP	Up & Down, Indirect
COLOUR RENDERING INDEX (CRI)	95+

PHYSICAL

DIMENSIONS	300mm H x 62mm W x 95mm D
WEIGHT	1.45kg
MOUNTING	Bracket

COMMERCIAL

LEAD TIME	6 Weeks
WARRANTY	3 Year Manufacturers Warranty
INSTALLATION	Licensed Electrician

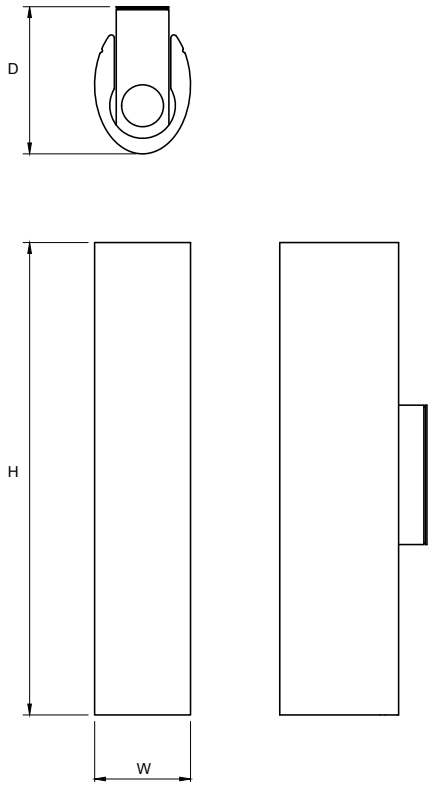

CERTIFICATION

AU/NZS	AU/NZS 60598.1, 60598.2.1
INGRESS PROTECTION (IPXX)	Up to IP65

Controlling Driver is Remote. Luminaire is DC SELV, **NOT 240VAC**.

CARE	Ensure luminaire is powered off. Remove dust with a soft dry cloth. Avoid solvents or abrasive materials when cleaning.

FORM / Ellipse

MEASUREMENT	VALUE
HEIGHT - H	300mm
WIDTH - W	62mm
DEPTH - D	95mm
WEIGHT	1.45kg
